Subject: Application for the post of senior software developer.

Dear Mike Kazi,

This letter is to express my interest in your posting on skill.jobs for an experienced Software Developer. With a Bachelor's degree in Computing & Information System (CIS) and hands-on experience using PHP (Laravel Framework) to create and implement software applications, confidently say I will be an asset to your organization.

I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new languages and development techniques are important to me and the success of your organization.

Your listed requirements closely match my background and skills. A few I would like to highlight that would enable me to contribute to your bottom line are:

- Highly skilled in designing, testing, and developing software
- Thorough understanding of data structures and algorithms
- Knowledgeable of back-end development best practices
- Hands-on software troubleshooting experience
- Proven track record of proper documentation for future maintenance and upgrades

I've attached a copy of my resume that details my projects and experience in software development. I can be reached anytime via my cell phone, 01742857306 or via email at rayhan16-289@diu.edu.bd .

Thank you for your time and consideration. I look forward to speaking with you about this opportunity.
Enclosure: Resume

Sincerely,

_____
